SPARKX HASSELT

Belgium

Sparkx Hasselt

In Hasselt, Belgium, Sparkx opened Europe's largest sports theme park, spanning 3,500 m² with over 50 sports for athletes, families, schools, and companies.

Visitors can enjoy traditional sports like football and basketball, as well as unique experiences such as curling, virtual dodgeball, alpine skiing, paragliding, and wingsuit flights, supported by advanced technologies including AR simulators and ski or F1 simulators. Sparkx emphasizes health and wellbeing, offering sports and entertainment for all generations. TRILUX, together with technology partner Fiber Unlimited, provided all lighting and connectivity solutions, developing Optolux®, a Polymer Optical Fiber (POF) system integrated with TRILUX light lines for efficiency, lower costs, and reduced material use.
