LiveLink ONE

With the LiveLink ONE app, you can control DALI and Bluetooth® NLC-based lighting systems using a single app and benefit from smart features for energy-efficient lighting management. Smart features for commissioning and configuration support you with projects of any size.

Even complex lighting systems can be commissioned and controlled with remarkable ease.

LiveLink Premium Activation

Our customer platform, TRILUX ONE, offers you practical services for your day-to-day business and sim-plifies your project management. Among other things, the portal can be used to activate user accounts for the LiveLink Premium system. To do so, please create a TRILUX ONE account and contact your TRILUX contact person or TRILUX Lighting Management Support with your login details. To activate the access in the LiveLink ONE software, all you need to do is log in to your TRILUX ONE account from within the LiveLink ONE app.

Discover the LiveLink ONE app

The LiveLink ONE e-learning course provides you with an overview of the LiveLink system and all the functions that can be configured and used with the LiveLink ONE software. Once you have successfully registered on the TRILUX ONE customer platform, you will have direct access to the light knowledge portal and the LiveLink ONE e-learning course under "TRILUX ONE / My Academy". If you are already registered, you can also access the e-learning course directly via the link.

LiveLink ONE App – explained step by step

In the tutorials, we show you step by step just how easy it is to set up a LiveLink system using LiveLink ONE – from setting up automated lighting scenes to connecting to the cloud.

LiveLink ONE App – Features at a glance

The LiveLink ONE app's quick guides provide you with a quick and concise overview of all the features of the LiveLink ONE software.

Short videos on system configuration with LiveLink ONE

The 'How To' videos provide further tips on configuring the LiveLink system using the LiveLink ONE software.

Should you have any further questions, please feel free to contact our Lighting Management Support team. You can reach them on +49 2932 301 9505 or via email at lms@trilux.com.
