Products used

E-Line NEXT LED modular continuous line

Still in the portfolio for the refurbishment and expansion of existing systems: the E-Line Fix continuous line system with trunking that has been tried and tested for many years. This ensures continuity and investment security for our customers and E-Line users - and is what the TRILUX after-sales promise stands for.

Solván Flow D LED surface-mounted luminaire

Everything is possible, from single luminaires as recessed, surface-mounted and suspended versions to continuous lines with integrated emergency light function.

Solegra LED surface-mounted luminaire

Solegra LED floats below the ceiling like a large sun. With its uniform, glare-free light and modern, purist design this series of round luminaires lends any room a special look, and is ideal for e.g. creative zones, VDU workstations and prestigious sales spaces.

Valineo C LED recessed ceiling luminaire

The perfect project solution for planar office light: Valineo LED scores points with specification-relevant parameters such as energy efficiency and service life, and with its simple installation is also ideal for use in refurbishment projects – also usually without replanning thanks to its high luminous flux of 4,250 lm.

Lumega IQ

Beautiful and smart cities have a clever ally: Lumega IQ LED. Be it main road, car park or residential area – the highly flexible luminaire range brings excellent light to any application area. Its consistently minimalist, modern design blends harmoniously into any environment while state-of-the-art technologies guarantee maximum efficiency and sustainability. Lumega IQ LED is also ideally equipped for the future thanks to IoT interface networking capability.

Inplana LED recessed luminaire

Inplana and Onplana LED downlights are the optimum lighting solution for nearly all office applications. Thanks to their modern, minimalist design these flat downlights blend harmoniously into all styles of architecture and emit planar, glare-free light when mounted on walls and ceilings.
