## PROJECT DETAILS

### Project images

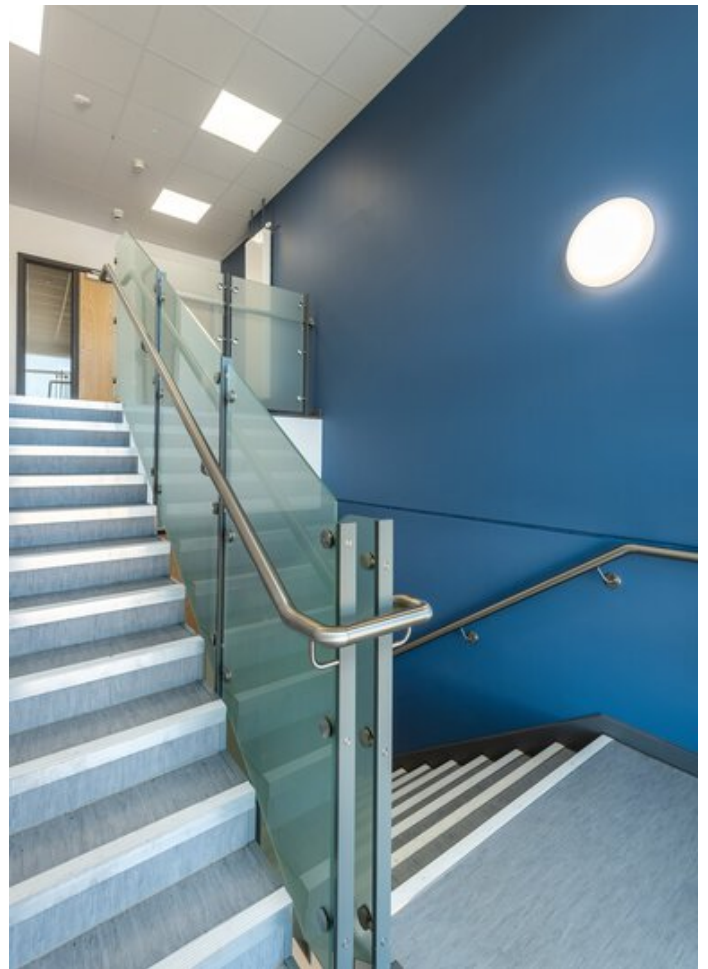

## Products used

### **Limba**

Limba LED – the suspended luminaire with a vintage look. The aluminium cover is coloured on the outside and white on the inside as standard, with a textile cable underlining its high-quality appearance. Custom colour combinations for cable and cover are available on request. Professional LED lighting technology with 3-D faceted reflector and opal acrylic ring for perfect glare control and a long-distance effect. Our white light colours as well as special light colours for the fresh goods area are available with up to 5,000 lm. Alternative equipment for decorative purposes with filament lamp in classic incandescent style.

---

### **Arimo Fit LED recessed ceiling luminaire**

Thanks to the wide range of optics, module sizes and mounting methods (lay-in, recessed and surface-mounted solution), all lighting tasks for planar lighting in offices can be solved with the Arimo Fit LED luminaire range.

---

### **Solván Flow H LED suspended luminaire**

Everything is possible, from single luminaires as recessed, surface-mounted and suspended versions to continuous lines with integrated emergency light function.

---

### **Skeo Circ**

The round Skeo Circ LED provides perfect visual conditions in areas around buildings for attractively displayed facades and entrance areas. Two construction sizes and many covers provide high design flexibility. Luminous flux and light colour can also be flexibly modified retroactively.

---

### **Publisca**

Die schlanke Leuchtenfamilie Publisca LED verbindet moderne Technologie mit einer unverwechselbar zeitlosen Formsprache. Dank eines cleveren Baukastensystems lassen sich Leuchtenkopf-Design, Lichtpunkthöhe, Lichtfarbe, Abstrahlcharakteristik und Smartness maßgeschneidert an das Projekt anpassen. Auch nachträgliche Umrüstungen sind über zwei optionale Zhaga-Schnittstellen einfach umgesetzt.
