Products used

8841 LED bollard

The 8841 LED product range scores with a characteristically high-profile appearance and a diversity of luminaire versions. Various wide light distributions and different luminous flux packages provide maximum visual comfort and guarantee perfect illumination, enabling large spacing between the bollards.

ConStela

Lutera ground recessed luminaires

The Lutera LED ground recessed luminaire from TRILUX is a multi-talent for outdoor use: it lends prestigious facades a modern appearance and at the same time provides safety for path zones around buildings. Thanks to high-quality components, the luminaire has a long service life and low maintenance requirements.
